

Community Development Junior Fellow: Each pillar will ideally have **2 part-time junior fellows** working with – and answering to – the pillar lead. Junior Fellow responsibilities are largely assigned by pillar leads with oversight from the Barrio’s operation’s director.

Some Junior Fellow-specific expectations include:

- Taking guidance and direction from your lead and manager.
- Completing tasks as assigned to you.
- Willingness to grow professionally, which includes completing tasks the junior does not have experience with or comfort doing.
- Contributing to idea generation for events, outreach, marketing.
- Aiding in event planning and execution.
- General physical labor such as carrying supplies to and from Barrio, organizing their space, working outside during events, working with the public face-to-face.
